

Dear DC Families, Schools, and Communities:

Recognizing that the issue of homelessness increasingly affects students and families in DC, the Office of the Student Advocate presents this resource toolkit to centralize the most vital information and resources for our communities.

In this way, we hope it will help our students and families to *be informed, be connected, and be empowered* around issues of homelessness.

Please feel free to contact our office at (202) 741-4692 or student.advocate@dc.gov if you have questions about our work, this resource toolkit, or would like to discuss opportunities for us to work in partnership together.

Sincerely,
Faith
Faith Gibson Hubbard, Chief Student Advocate

Frequently Asked Questions

How are the educational rights of homeless children and youth protected?

The McKinney-Vento (MKV) Homeless Assistance Act is a federal law to ensure that every homeless child receives services of support to eliminate barriers and meet the changing needs in education.

What are rights of homeless children and youths?

Students experiencing homelessness have the right to:

- Enroll in school immediately, even if they do not have their school records, medical records, or any other documents schools require during the enrollment process.
- Stay in their school of origin (the school in which they were last enrolled before becoming homeless) if it is in their best interest.
- Attend the school nearest to the place where the family currently lives if it is in their best interest.
- o Receive transportation assistance to and from school, if needed.
- Receive uniform assistance if wearing uniforms is a requirement of the school.
- Request help from the school's Homeless Liaison for other supports, such as medical, dental, mental, and other health-related services.

What is the definition of homeless children and youth?

The McKinney-Vento (MKV) Homeless Assistance Act defines homeless as "individuals who lack a fixed (permanent), regular, and adequate (acceptable) nighttime residence."

Can homeless children enroll in school?

Yes. Schools must allow homeless students to enroll immediately. If families have problems working with the school's Homeless Liaison or getting their children enrolled, they can contact the OSSE Transitory Services team at 202-654-6123.

What school do homeless students have the right to enroll in?

They have the right to continue to attend the same school they held the right to attend before becoming homeless. Alternatively, homeless students can enroll

immediately at schools nearest to where they are staying.

What if parents disagree about the school their students should attend?

- DCPS must provide families a written statement of the reasoning behind their placement decision and the appeal rights.
- If families disagree, they can appeal the decision by contacting the school's Homeless Liaison. If families have problems working with the school's Homeless Liaison or getting the issue resolved at a local level, they can contact the OSSE Transitory Services team at 202-654-6123.
- o During the appeal, students can enroll immediately where they choose.

What documents do homeless students need in order to enroll?

Students have the right to enroll in school immediately even without the right paperwork. Schools cannot require homeless families or students to provide proof of residence or proof of immunization before enrolling.

How can homeless students get to and from school?

Schools are required to provide transportation to homeless students, including those who receive special education services. In DC, schools provide metro fare for homeless students to travel to and from school. They also provide metro fare for parents of students who are too young to ride the bus or metro alone. If families have problems getting to and from school, they can contact the Student Transportation Parent Resource Center at 202-576-5000.

How can homeless students get uniforms?

Schools will provide free uniforms for homeless students. If families have problems getting these materials they can contact the DCPS Homeless Children and Youth Program at 202-576-9502.

What other resources may be available to homeless students?

Schools may have funds to help homeless families pay for school supplies, glasses, immunizations, and SAT/AP/GED testing. Schools may also offer counseling, tutoring, and extra learning time for homeless students. To find out what services are available, contact your school's Homeless Liaison.
